

REMAK[®] CARRIERS

REMANUFACTURED FOR MACK. BY MACK.

**Considering a replacement carrier?
Make sure it's just as durable as the original.**

REMAK Carriers are remanufactured by certified Mack technicians and follow stringent processes, including:

- Electro-magnetic crack detection
- Bearing and race replacement with 100 percent new parts
- Machining of parts, housings and wear surfaces to OE/Reman specifications
- Engineering updates incorporated during remanufacturing
- Multi-point detailed inspections

Mack is confident in our REMACK Carriers. So confident that we back them with a 100 percent parts warranty for two full years / unlimited miles.

Parts replaced with brand new parts:

- Bearings
- Seals
- Shim
- Bull gear nuts and bolts
- Vent

Gear teeth – 100 percent Mack

- Smooth and even
- No chips or corrosion
- No spalling
- Ring and pinion gears replaced in matched sets

All REMACK Carriers feature triple lip seals for superior sealing and extended seal life.

BORN READY.

REMACK® TRANSMISSIONS

REMANUFACTURED FOR MACK. BY MACK.

Maxi-Torque® T200 and T300 REMACK Transmissions cover more than 25 different models and five to 18 speeds to meet the demands of any application.

REMACK transmissions are remanufactured by certified technicians, and come ready to install and complete with clutch fork assembly, top cover and specific engineering updates. Designed and tested to meet the strictest tolerances and most intense quality control processes, these transmissions are not only dyno tested but are also load tested. That's Mack confidence.

REMACK transmissions are remanufactured by certified Mack technicians and follow stringent processes, including:

- Complete replacement of all gaskets, bearings and seals with new parts
- Replacement of any worn or spalled gears
- Housings bored, sleeved and realigned if necessary
- Updated synchronizer assemblies
- Engineering updates incorporated during remanufacturing
- Multi-point detailed inspections

Mack is confident in our REMACK Transmissions. So confident that we back them with a 100 percent parts warranty for two full years / unlimited miles.
